

Scavenger Hunt

Goals:

Explore the limitless ways that books are constructed. Encourage students to notice everything from individual words to broad themes by engaging in a scavenger hunt. Help students use highlights to identify different items in the hunt.

Description:

Students will read and highlight their book as they complete a list of items to find. This activity can be used for solo work or to create games and competitions within the classroom.

Extend	Support	Connect
Have students write their own scavenger hunt clues and share with their peers.	Provide students with a model for each of the items they need to find in the scavenger hunt.	Have students work together in teams to complete the scavenger in a competition. Give students a period of time to find as many items as possible.

Notes:
